CONVERSATION 3: The Future...the possibilities before us

Input: Where to from here?

- Mass attendance/count in May; one PPC, one Finance Committee, one Parish Office, a shared history, walking together like that Road to Emmaus ...
- We're in this together as St Luke's & St Timothy's; how we move forward will be up to us; what we do will be up to us; when we do it will be up to us.
- Doing something is better than doing nothing and 'Well done is better than well said ...' Benjamin Franklin was known to say.

Jesus reminds us that to live and live out his commission we need to depend on each other for support, hospitality and kindness. He challenges us to travel light and stick together.

1. Individually, write down 3 things you would love your community to be ridiculously good at in 5 years time?
2. Strengths /Weakness/ Opportunities/Threats:
Allocate each group of 3 one of these areas to focus and brainstorm their ideas on butcher paper
3. Mary to share with the whole group.
